## ISAAC CONSTRUCTION AND RENOVATION COMING TOGETHER

New London, CT– ISAAC School is excited to announce the latest updates to our campus, aimed at improving the learning environment for our students and staff. The school is currently undergoing a major renovation, with several new additions being built and existing spaces being upgraded.

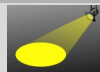

One of the most exciting changes is the construction of a state-of-the-art computer lab, science lab, and music room. These new facilities will provide our students with the latest technology and equipment, as well as modern learning spaces that inspire creativity and exploration. The computer lab will be equipped with high-end computers and software, while the science lab will have advanced equipment and tools for hands-on experimentation.

Additionally, the school is also replacing the old carpeting in some sections of the building. This upgrade will not only improve the appearance of the building, but also create a healthier and safer learning environment. The new carpeting will be easier to clean and maintain, reducing the risk of allergens and improving air quality.

Furthermore, some rooms are being expanded to meet the needs of our growing student population and provide more space for our staff. These larger rooms will provide a more comfortable learning environment and allow for better collaboration and group work.

The construction and renovation work is progressing well and is expected to be completed before the start of the new academic year. We are confident that these changes will provide our students and staff with the best possible learning environment and enable them to reach their full potential. ISAAC School is committed to providing a high-quality education and creating a welcoming, safe, and inspiring learning environment for all.

### STAFF SPOTLIGHT: MR. MOFFETT

**Why do you love ISAAC?** Teaching at ISAAC is the best job ever.

Just look at all the construction outside and it's easy to see how ISAAC is focused on community building and guiding students through some of the most formative years of their lives and preparing them for the knowledge and skills they'll need in high school and beyond.

**What do you teach at ISAAC?** I teach 7th Grade Digital Arts with the understanding and know-how to help students use the arts to build creative problem-solving skills.

**What are some of your hobbies outside of school?** I've lived in Niantic my entire life. I enjoy hanging out at the beach during the summer and love snowboarding in the winter. I am a huge UConn sports fan.

### Principal's Notes:

Hello ISAAC Families,

We are in the stretch of the year that sees the end of winter and the beginning of spring on the horizon. This is also the longest stretch for students without a break.

I would like to thank all of our families for the all of your feedback, smiles, and communication. ISAAC is about family. I sincerely thank you for your commitment to helping ISAAC be the best Middle School in Southeastern, CT.

We look forward to the remainder of the school year and all of the exciting events and activities that are yet to come. If you have any questions or concerns, please do not hesitate to reach out to the school office.

Go Dragons!
