DEADLINE APPROACHING FOR CHROMEBOOKS AND CHARGERS

New London, CT— As the end of the school year draws near, all 8th grade students are reminded to return their Chromebooks, original chargers, and settle any outstanding invoices by June 6th. This requirement is crucial for the smooth functioning of the school's educational technology program. Students failing to return their Chromebook and charger will not receive their cap and gown to attend graduation.

Additionally, 6th and 7th grade students must also return their Chromebooks and chargers by June 2nd. These devices will be collected and thoroughly inspected to ensure they are in good condition for the upcoming academic year.

The importance of returning Chromebooks and chargers in good condition cannot be stressed enough. It ensures that these vital tools are available for the next batch of students who will rely on them for their studies. In the event that a Chromebook or charger is found to be in poor condition or non-functional, the student may be required to purchase a replacement. Detailed information regarding the acceptable condition of Chromebooks and associated replacement costs can be found in the Parent/Student Handbook.

Returning these devices and settling any financial obligations promptly allows the school to efficiently prepare for the upcoming academic year and ensures that all students have equal access to educational resources. It is crucial for students to comply with the return deadlines in order to avoid any complications during their graduation festivities.

Parents and students are encouraged to reach out to the main office at 860-447-1003 with any questions or concerns regarding the return process. School staff members are available to provide assistance and address any queries related to the return of Chromebooks, chargers, or outstanding invoices.
